

LYTHOS

FORZA STRATIFICATA

Io sono quarzite. / Nata in profondità, porto strati e inclusioni come mappe. / La mia pelle alterna ciottoli, vene, cambi di tono. / Resisto, senza peso superfluo. / In questa forma ceramica continuo il racconto: preciso, affidabile. / Offro carattere agli spazi, senza rumore. / Sono memoria primordiale che si rinnova in architettura. / Sono LYTHOS. La mia energia è tempo compresso.

I am quartzite. / I sprang from the depths, unfolding layers and inclusions, like a map. / Pebbles, veins, shifts in tone alternate on my skin. / I endure, without carrying excess weight. / In this ceramic form, I have a new chapter to write: precise, reliable. / I work away in silence, bringing character to living spaces. / I am primordial memory renewed in architecture. / I am LYTHOS. My energy is compressed time.
